## DO YOU NEED ANSWERS TO ANY OF THESE QUESTIONS?

- All I seem to do is pay bills. How am I supposed to save for the future?
- I have a full-time job, but I never seem to get ahead. I've heard there might be some tax benefits that could really help. How can I find out if I'm eligible to receive them?
- I'm struggling to provide enough food for my family. Where can I go for help?
- I've always paid rent, but now I would like to purchase my own home. How can I find out if this is possible?
- I have bad credit history and can't open a bank account. What should I do?
- My children don't have health insurance. Is there anything I can do?
- I need a better paying job. Where can I find out about job training programs?
- I don't know how to use a computer very well. Where can I learn how to use it?
- I've always wanted to start my own small business, but don't know how to go about doing it. How can I learn more?
- My apartment complex is being torn down, and I don't know where to turn. Where can I go for help finding a new place to live that I can afford?
- I have trouble understanding the English language. How can I learn to read and speak better English?

*If you need answers to any of these questions, we're here to help.*

## ATLANTA PROSPERITY CAMPAIGN

The Atlanta Prosperity Campaign is a group of non-profit agencies, businesses and government organizations working together to help people like you meet your family's needs.

Services that the Prosperity Campaign can offer you:

- **FREE income tax preparation services**  
Visit a Volunteer Income Tax Assistance (VITA) site. Income-eligible households can have their tax returns prepared through the VITA program at sites all over the Metro Atlanta area. These sites are located at non-profit agencies, churches and libraries. When you come to have your taxes prepared, you can also learn whether you are eligible to receive the Earned Income Tax Credit (EITC).
- **Access to public benefits**  
Learn about accessing all the public benefits that are available to you. Many Atlanta families are eligible, but are not applying for them! These benefits include the Earned Income Tax Credit, Food Stamps, Medicaid, PeachCare, energy assistance, and others. Our sites provide programs that help you determine if you qualify for any of these benefits, and can assist with the application process if you do qualify.
- **Access to a wide range of additional community services**  
Discover new resources if your family has difficulty making ends meet. Many families have challenges that require outside help. We have an easy-to-use website, [www.atlantaprosperty.org](http://www.atlantaprosperty.org), that lists organizations offering a wide range of services.

---

## OTHER COMMUNITY SERVICES
